

Proposals from France for the 2009 ICN (Bangkok)
(submitted by UFNA as the French Adhering Body of IUNS)

A- Suggestions in adequation with the pre-program

a- Nutrient requirement and metabolism

a1. Lipids & fatty acids :

Philippe Besnard, “Dietary fat detection and absorption”

pbesnard@u-bourgogne.fr

Jean-Michel Chardigny, “Fatty acids and health parameters”

jean-michel.chardigny@clermont.inra.fr

Philippe Legrand, “Fatty acid desaturation and health”

Philippe.Legrand@agrocampus-rennes.fr

Denis Lairon, “Importance of postprandial lipid metabolism”

denis.lairon@medecine.univ-mrs.fr

a2. Proteins and amino acids:

Yves Boirie, “Protein requirements and metabolism” boirie@clermont.inra.fr

Daniel Tomé: "Amino acids bioavailability in humans and model animals"

d.tome@agroparistech.fr; tome@inapg.paris.fr

a3. Carbohydrates

Martine Laville, “Carbohydrate quality and metabolism”

martine.laville@chu-lyon.fr

Gilles Mithieux “Glucose metabolism. Intestinal neoglucogenesis : a novel actor in the control of food intake”

mithieux@sante.univ-lyon1.fr

a5. Micronutrients

Alain Favier : "Vitamins and minerals and anti oxidant effects "

a.favier@chu-grenoble.fr

André Mazur, « Minerals » Andre.Mazur@clermont.inra.fr

Christine Morand, « Polyphenols » christine.morand@clermont.inra.fr

Marie-Jo Amiot-Carlin, « Bioactive phyto-microconstituants »

Marie-Jo.Amiot-Carlin@univmed.fr

a6. Bioactive ingredients in food

Patrick Borel, “Carotenoids bioavailability and status” Patrick.Borel@univmed.fr

Christine Morand, “Polyphenols” christine.morand@clermont.inra.fr

Marie-Jo Amiot-Carlin, “Bioactive phyto-microconstituants”

Marie-Jo.Amiot-Carlin@univmed.fr

b- Nutritional assessment

b1- Dietary

Nicole Darmon, “Assessment of dietary quality using computerized scores”
nicole.darmon@univmed.fr

b3- Omics Bio-markers.

Patrick Borel, “Gene polymorphisms and carotenoid status”
Patrick.Borel@univmed.fr

b4- Functional

Luc Méjean “Pollution and obesity (concept of negative functionality of nutrients)” Luc.Mejean@ensaia.inpl-nancy.fr
Aude Hyardin (Aude.Hyardin@ensaia.inpl-nancy.fr) or **Jean Michel Antoine** (*Danone Institute International, Palaiseau, 91767 Palaiseau, France*) or **Boyer** (from *D Lairon group*) “Concept of nutrient functionality just before new legislation concerning allegations”

b.7 Isotopic techniques

Michel Beylot “Use of stable isotopes for functional effects of nutrients evaluation” beylot@sante.univ-lyon1.fr

c- Nutrition throughout the life course.....

c2- Micronutrient Deeficiencies and their Prevention

Serge Herberg, “Micronutrient supplementation against CVD and cancers”
hercberg@cnam.fr

c2- Growth & development

Marie France Rolland Cachera, “Dietary intervention and behaviours, rate of growth in early life and later health”
mf.cachera@uren.smbh.univ-paris13.fr

Dominique Darmaun, “Early catch up growth and later diseases”
Dominique.darmaun@chu-nantes.fr

c4. Nutrition and neural/brain function

Alexandre Lapillonne “PUFA in pregnancy, lactation, and infancy”
alexandre.lapillonne@svp.aphp.fr

c6-Developmental nutritional exposures that may affect health cross the life cycle and

others

France Bellisle, “Nutrition in adolescent, body composition and obesity”
bellisle@imaginet.fr

Dominique Darmaun, “Milk formula composition for newborn baby suffering of intrauterine retardation growth (IURG)”
Dominique.darmaun@chu-nantes.fr

C10. New topic suggested: “Nutrition and Ageing”

d- Obesity and nutrition-related chronic diseases.

d1- Obesity

Marie France Rolland Cachera “Prevention strategies of childhood obesity”
mf.cachera@uren.smbh.univ-paris13.fr

d2- Metabolic syndrome

Denis Lairon , “Dietary lipids, gene polymorphisms and development of the

metabolic syndrome (Finishing EU project)”

denis.lairon@medecine.univ-mrs.fr

Marie France Rolland Cachera, “Nutrition, growth and metabolic syndrome”

mf.cachera@uren.smbh.univ-paris13.fr

d4- Cardiovascular diseases

Yves Rayssiguier Yves.Rayssiguier@clermont.inra.fr

d7- Osteoporosis

Véronique Coxam "Osteoporosis nutritional prevention "

Veronique.Coxam@clermont.inra.fr

e-

f-

g- Food culture & indigenous diets

g2- Mediterranean

Denis Lairon , “Intervention with mediterranean diet on cardiovascular risk”

denis.lairon@medecine.univ-mrs.fr

h- Food-based strategies for optimal nutrition

h5- Elderly nutrition.

Yves Boirie, “Adequate proteins for elderly nutrition”

boirie@clermont.inra.fr

i-

j- Food & nutrition interventions for health

j2- Country experiences, Perspectives of UN Agencies, etc

Serge Hercberg, “The French national nutrition-health Plan (2001-2010)”

hercberg@cnam.fr

j5- Use of dietary supplement by the public

Serge Hercberg, “The French national nutrition-health Plan (2001-2010)”

hercberg@cnam.fr

k- Nutrient requirements & metabolism/Nutritional assessment/etc.

k2- Frontiers in nutrition research

Claudine Junien, “Nutrition and epigenetics”

B- New suggestions

b1- Nutritional transition

Sophie Tessier “Food availability and purchasing in Tunisia “ sotessier@yahoo.fr

Bernard Maire “Comparison of food choices between immigrants and natives in Mediterranean countries” mairie@mpl.ird.fr

Mariette Gerber “Obesity in Mediterranean countries”

mariette.gerber@wanadoo.fr

b2- Obesity and microbiota

Arnaud Basdevant “Treatments of morbid obesity”

arnaud.basdevant@htd.ap-hop-paris.fr

Joel Doré “International projects concerning microbiota and obesity”
(Metahit - EEC, Micro-obese –France-China, the Chinese program –
China France) joel.dore@jouy.inra.fr

b3- Probiotics

Joël Doré « Metagenome and microbiota functions » joel.dore@jouy.inra.fr
Rémi Burcelin “Probiotics, microflora and health” burcelin@toulouse.inserm.fr

b4- Futile cycle and lypolyse regulation

C Forest claudе.forest@univ-paris5.fr

Dr Paul GUILLOTEAU
General Secretary of UFNA

Dr Denis LAIRON
Vice-President of UFNA
(FENS President)

(UFNA was the organizer of Xth ENC, Paris, 10-13th July 2007)

Secrétariat : Dr P. Guilloteau,
Institut National de la Recherche Agronomique
INRA-UMR SENAH
Domaine de la Prise, 35590-Saint Gilles, France
Tél.: 33(0)2 99 28 53 55
Fax : 33 (0)2 99 28 50 80

Email :Paul.Guilloteau@rennes.inra.fr
